

Daikin MR Engineering to Exhibit at Inamarine 2025 – Jakarta, 29–31 July

We are proud to announce our participation in Inamarine 2025, Indonesia's premier maritime exhibition. Held at the Jakarta International Expo (JIExpo) from 29–31 July 2025. This event brings together key players in shipbuilding, marine technology, and offshore industries across the ASEAN region.

At this year's event, Daikin will be showcasing our advanced marine HVAC solutions, designed specifically to meet the demanding requirements of shipowners, shipyards, and naval architects.

What We're Showcasing

- Compact and energy-efficient marine air conditioning units
- Customised HVAC systems for newbuilds, retrofits, and dry dock maintenance

Event Details

- Event: Inamarine 2025
- Date: 29–31 July 2025
- Venue: Jakarta International Expo (JIExpo), Kemayoran
- Booth: **D1A4-01**

The banner for Inamarine 2025 features a red background with a white ship silhouette on the left. The text 'INAMARINE 2025' is in white. Below it, a black banner reads '29 - 31 JULY 2025' and 'JIExpo Kemayoran, Jakarta'. The bottom section is yellow with the text 'The INDONESIA's Largest International Trade Show for MARITIME & OFFSHORE INDUSTRY'. On the right, there's an image of a shipyard with a large container ship. Above the shipyard image, there are icons for various maritime and offshore industries: Coasting & Fishing, Welding Equipment, Marine Engines, Navigation Systems, Marine Structures, Shipyard & Shipbuilding, Offshore Industry, and Port Equipment.
